

Adam + Tim

Hello
THERE!

We are Adam and Tim, and words cannot express the gratitude in our hearts for this opportunity to share a part of our story with you. You will see in the pages ahead, a glimpse into a story that continues to be written about our daily lives, our passions, and those who matter most to us. We are so excited to be growing our family through adoption. Your selfless choice to pursue an adoption plan is both courageous and inspiring. Thank you so much for giving us the chance to share a bit about our lives with you.

With Love,

Adam + Tim

OUR STORY

in Adam's words

Tim and I both grew up in Alabama. We met back in 2007 while we were both at Auburn University. In 2011, we became friends and within a year fell in love and started dating. One fall weekend in 2016, I planned a secret weekend at the lake with all of our closest friends, and that is where I proposed and Tim said yes! Then, in 2018, surrounded by our friends and family we got married in Atlanta, GA.

Today, we live in Atlanta and we feel very lucky to have friends and family that live close by. Tim is a Training Consultant and Adam is an IT Consultant and Software Developer. We love doing life together, and we would be so excited and honored to share this life we've created with a child!

Our family and friends are extremely important to us, so we try to spend as much time as possible with them. We love being able to cook great meals at home and spend quality time with those that we love. Adam loves repairing things, building things, and finding new hobbies all the time. Tim loves photography, music, cooking, and yardwork. We both love getting outside and spending time in nature. We look forward to the day we can include a future child in all of these things!

MY HUSBAND, *Adam*

Adam is the one person that everyone wants to be around and they know they can count on no matter what. When I first met him, I was immediately drawn to the way he pulls people in. He puts every fiber of his being into his relationships with others, the things that he is working on and involves himself with. He is quiet, thoughtful, and always on the details that take care of our family. He has the ability to be so intentional and accommodating so that you are immediately comfortable with him no matter what you are doing. One of the things that I admire most about him is that he has that quality that all kids are drawn to him and he knows how to have fun with them. He will for sure be the most fun parent and I cannot wait to see him teach our future children how to work hard, love hard, and play hard.

MY HUSBAND,

Tim

Tim is the type of person that people gravitate toward. He is full of love, has an open heart, and dedicates all that he has to those that he loves. One of the things I love most about Tim is his capacity to maintain and grow the friendships he has made throughout his life. As a husband and best friend, he is truly my biggest supporter and his love for me makes me a better person. We have talked about becoming parents for almost the entire time we have been together, and it brings the biggest smile to my face when I see him with our nieces, nephews, and friends' kids. I've watched him thrive as a son, a friend, an uncle, and a husband, and I can't wait to watch him do the same as a father!

Walter

Our dog is a French Bulldog and Boston Terrier mix. He loves to snuggle and loves being around kids. He can't wait to have a human brother or sister to snuggle and play with!

Our HOME

We live in the westside of Atlanta with close proximity to a lot of things that we love! When we first saw the house, we knew that this was the one. We knew we wanted to be in this area close to our friends and family and were so lucky to be able to make that happen. We saw lots of people walking their dogs, walking with their kids and just spending time outside in the neighborhood and that was what drew us in. Buying our first home was an extremely exciting privilege and one that we envisioned bringing our future child home to raise.

We have a huge front yard with lots of grass and space to play.

Sitting at our kitchen table with a cup of coffee is our favorite way to start the day.

Our COMMUNITY

We have a great neighborhood that has group play dates, neighborhood get-togethers and holiday gatherings at our local park. It's a safe area that values family and that is why we fell in love. Close by are great schools and our family and close friends.

Our neighborhood park includes a large field and an upper and lower playground based on age that we can't wait to take a little one to!

We have lots of things close to us that we love to take advantage of and can't wait to do that with a little one! Things like The Works, Truist Park & The Braves, the Shoals Creek Preserve Trail, the Westside Reservoir Park, and The Atlanta BeltLine.

Our Home

AWAY FROM HOME

Our family has a lake house where we love spending time with our friends and family. During the summer, we love to ski, tube, fish, paddleboard, and take sunset cruises on the boat. During the colder months, we love to just spend some downtime there together sitting around the fire and talking. It's also the place where we got engaged because it means so much to both of us!

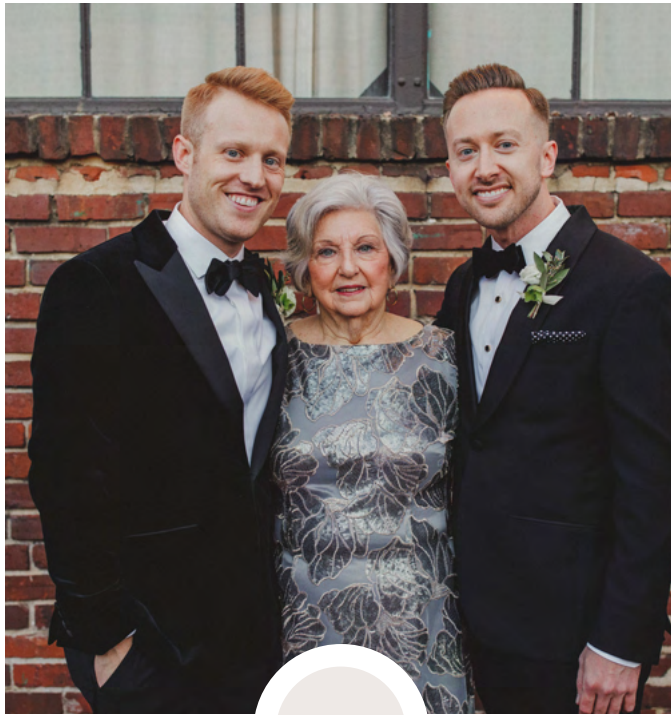

Summer Fun at the Lake

Our FAMILY

We are both so very fortunate to have loving families that support us. Adam has parents that live within two hours of Atlanta, and his brother, sister-in-law, and our two nephews are also in Atlanta. His extended family is throughout Alabama, Louisiana, & Texas. Tim has parents that live within two hours of Atlanta as well, and his extended family are all within Alabama. They all support our desire to grow our family through adoption with each person caring and willing to help however they can. This is just a small part of the community that your child will be born into and surrounded by.

Supper CLUB

They say that friends are the family you choose and that is why we wanted to make sure to include this group. This is our closest group of friends outside of our family. Collectively we have been friends for 10+ years and as we all moved to Atlanta we always intentionally got together to eat dinner and fellowship, hence the name Supper Club. While most are in Atlanta and one couple now in Charleston, these folks are a part of our everyday life. Your child would be welcomed into this close-knit group and gain more aunts, uncles, and friends!

“
We love them and
their children dearly and
love being Uncle Adam
and Uncle Tim to
them.

Thank You

Thank you for reading our profile and allowing us to share a bit about our lives with you. We hope you will consider us to be the couple that raises your baby. We promise they will always come first in our lives and they will know how brave your decision was for their future. We cannot wait to be parents; this will surely be the greatest gift we could ever receive. We will raise them in a home filled with love and laughter, where we teach the importance of respect and kindness to others. They will be raised to love others regardless of who they are, what they look like, or where they come from. We will foster their individuality and always love them unconditionally. Thank you for your courage to choose adoption and thank you for the opportunity to change our lives forever. We are truly and deeply grateful!
