After experiencing fertility issues, we realized God had bigger plans for us and we had a different purpose. Our purpose is clear now. There is a little bundle of joy who needs us like we need them. We are humbled to embark on this journey to parenthood.

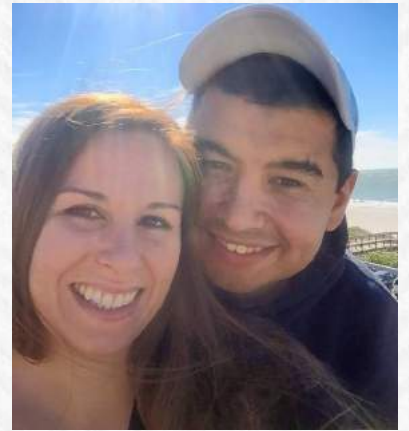

# About Us

We met in Key West, FL while on vacation which made perfect sense because we both love to travel. Then, we discovered that we lived in the same city and had the same mutual fondness for travel, food, family, the water, and salsa dancing. It wasn't long before we were enjoying all these things together. We delight in spending quality time together trying new local restaurants, going to the farmers market, friend gatherings, the beach, sporting events, walks on the water or a nature trail, and being with our family and two furbabies.

*Danielle*

I was born and raised in sunny Florida. I have worked in the insurance industry for 17 years as an account manager and I can't imagine doing anything else. I think I am pretty funny and smart but all jokes aside, giving and helping others in need is very important to me. I love attending my lady's bible study group every week. I am an aunt or "titi" to 3 nephews and a niece which has shown me the beautiful curiosity of children and has helped prepare me for motherhood. I have a terrible sense of direction, but I can remember the lyrics to just about any song. My favorite things to do are love on my furbabies, bake, decorate for any special occasion, hang out by the pool, go for walks and spend time with my family and friends.

# Juan

I was born and raised in Chicago, Illinois to Puerto Rican parents. Every year until I was 18, my family and I would go to Puerto Rico to visit our family on the island. I believe that is what began my passion for traveling. I moved to Florida when I was 26 years old to be closer to my parents. I love the yearlong good weather which is great for being outside. I have worked in the auto industry as a Service Advisor for 20 years and I love my job. I am a huge sports fanatic and I enjoy playing and watching sports. I can't wait to share anything sports with my child. My favorite things to do are golf, bowl, swim, hike/walk through parks and lakes and attend sporting events.

# *Home*

Our home is bright, welcoming, and always seasonally decorated. The space and layout are great for entertaining which we enjoy doing, but more importantly, a perfect fit for a family. We are eager to run and play with our child in our large yard and float around in the swimming pool in our backyard oasis. Our neighborhood has many young families and we have the most amazing neighbors.

# Community

We reside in one of the prettiest cities in the state of Florida. There are several nearby parks, the Pinellas trail - which extends 45 miles, and many local eateries with an emphasis on sensational seafood. We are located 3 miles from breathtaking Clearwater Beach, 30 minutes from both Tampa and St. Petersburg and two hours from Disney World! There is no shortage of things to do and explore. We take full advantage of these luxuries with our fur babies in tow, but truthfully, we can't wait to explore these things with our future child and see the beauty from a child's wonder.

# *Family*

We are blessed to live near our immediate family. Throughout the year, we are always getting together with our family to celebrate a birthday or holiday, pool parties and BBQs, football Sunday and just because the weather is nice. Danielle's dad is famous for his BBQ ribs while Juan's parents can beat just about anyone in Dominos. And the best part is we come from such a loving and diverse family that everyone is welcome!

# *Sports*

Sports are always on in the Aviles' household. The sounds of the commentators, the referees making their calls and the cheering when your team scores are so familiar and nostalgic. Juan grew up playing all types of sports including basketball, soccer, football and baseball. He and his father were regular attendees at the Chicago White Sox games. Danielle did not play many sports growing up but she loves to watch them and also give Juan a hard time when the Chicago Bears play Danielle's Green Bay Packers. When we are not acting as rivals, we enjoy going to Tampa Bay Lighting, Rays, and Buccaneers games.

# *Travel*

Together, we have had the fortunate pleasure of traveling to the Dominican Republic and a few countries in Europe; Italy, Spain, England and Ireland. Juan's hometown of Chicago, IL has become a favorite of Danielle's and we visit as often as possible. We have fallen in love with the mountains of GA, TN and NC and visiting them annually has become our new family tradition. We hope to continue that tradition and add more experiences with our child.
